# **SITUATION SUMMARY**

## **2017 Statewide Winter Storms**

### **Cal OES Coastal Region**

#### **Paul's Slide, State Route 1, Monterey County**

Per Cal OES Coastal Duty Officer (CDO), as of 1300 hours on 05/25/17, Paul's Slide on State Route 1 has been closed to all traffic.

- Caltrans engineers report slide activity and the area has been closed in the interest of public safety.
- Assessment will commence and further details will be provided once released.

#### **Mud Creek Slide, State Route 1, Monterey County**

The Mud Creek area on State Route 1 sustained a major slide on the evening of 05/20/17, when over a million tons of rock and dirt fell down the slope continuing down to the ocean floor 250 feet off the shoreline.

- The Mud Creek area is ¼ mile in length, made up of five slides, four of which fell during this single incident and consolidated into one slide. The remaining slide now extends 1,500 feet in length over State Route 1 and is about 35 to 40 feet deep.
- Roadwork at Mud Creek was suspended and heavy equipment removed due to the threat of new slides and for safety of highway workers. Caltrans geologists and engineers plan to assess it further when this area stabilizes.
- Estimated opening date is 06/01/18.

#### **Pfeiffer Bridge Incident, Monterey County**

California Highway Patrol (CHP) and Caltrans had a hard closure on the Pfeiffer Bridge on HWY 1 at mile marker 45.52 (SB Sycamore Canyon and the Bridge) due to a crack in the bridge. The bridge has been demolished so the road is closed and estimates for some access from the north is late September 2017.

- Backup air medical transport plans have been developed for medical emergencies through Cal OES Law Enforcement Branch.
- All businesses north of the Pfeiffer Canyon Bridge closure are open to the public.
- Caltrans will continue the process of delivering construction materials and equipment to the site of the demolished bridge on HWY 1 via Nacimiento-Fergusson Road from Hwy 101 on Tuesday, 06/20/17.
- Some equipment will begin moving out one piece at a time throughout the week. These convoys of equipment will be escorted by CHP.
- Effective 07/01/17, there will be a shuttle available until the Pfeiffer Canyon Bridge reopens (estimated reopening date from Caltrans is September 2017) seven days a week, 1200-2000. North shuttle leaves every hour starting at noon. South shuttle leaves every 15 minutes from Loma Vista to Nepenthe. The last shuttle from north to south is at 1700 hours. The last shuttle from south to north is 1900 hours.
- Pfeiffer Big Sur State Park will reopen to the public on 07/01/17 after an 11-month closure due to the Soberanes Fire and winter storms.
- Julia Pfeiffer Burns State Park, Andrew Molera State Park, and Highway 1 at Pfeiffer Canyon Bridge remain closed.

#### **Spring, Vegetation Fire, Mariposa County**

Location: Hwy 49 x Allred Rd., South of Mariposa

Jurisdiction: State DPA, SRA, Madera-Mariposa-Merced Unit

Start time: 1346

Type-3 IMT

Per ICS-209 and the Cal OES Duty Officers as of 07/03/17 at 1626 hours:

- 225 acres grass and brush, 35% containment
- Expected containment date: 07/05/17
- 30 single residential structures threatened
- Construct and improve lines, mop up
- 5 Local Government Water Tenders assigned

#### **FMAG**

- On 07/02/17 an Fire Management Assistance Grant (FMAG) application was received and placed on hold.

#### **Deployments**

- 1 Cal OES Fire Rescue Branch Assistant Chief assigned

#### **Evacuations**

Per Cal OES Law Duty Officer as of 07/03/17 at 0934 hours:

- 50-60 homes remain evacuated
- Evacuation Areas:
  - Ashworth from Hwy 49 South to Grist Rd, Grist Rd, Allred Rd from Hwy 49 South to Morning Star Lane, Hwy 49 South from Ching Rd to Allred Rd

GOVERNOR'S OFFICE  
OF EMERGENCY SERVICES

# **FIRE ACTIVITY**

## **Road Closures**

- Hwy 49 from Ben Hur to Silva Rd., Ashworth from Hwy 49 South to Grist Rd, Allred Rd from Hwy 49 South to Morningstar Lane
  - As of 07/03/17 at 1025 hours, Route reopened to 1-way controlled traffic from 5 mi south to 3 mi south of Mariposa

## **Shelter**

- The American Red Cross (ARC) has established a shelter at: Woodland Elementary, 3394 Woodland Drive, Mariposa.
  - Midnight Shelter Count: 11
  - Animals are also being accepted at the ARC shelter location

## **Derrick, Vegetation Fire, Fresno County, New**

Location: Los Gatos Creek, West of Derrick, West of Coalinga

Jurisdiction: State DPA, SRA/FRA

Start Date: 07/02/17 at 2228 hours

Type-3 IC

Per Cal OES Fire Duty Officer (FDO) on 07/03/17 at 1833 hours:

- 1,538 acres, 40 % containment
- Expected containment date: Unknown
- Line constructed around the fire
- 10 Cal OES Engines
- 7 Local Government Engines
- 1 Water Tender assigned
- Road Closure of Los Gatos Canyon Rd.

## **Deployments**

- 1 Cal OES Fire Rescue Branch Assistant Chief assigned

# WEATHER OF CONCERN

## Weather of Concern

- A weak disturbance may produce fast-moving, dry thunderstorms for portions of California mountainous, valley and foothill areas.
- Dry and warm conditions will continue through the 4th of July with typical afternoon and evening breezes throughout portions of Northern and Southern California. .
- High pressure building over the Four Corners region will bring a warming trend to Southwestern California for much of the week.

# **WEATHER SYNOPSIS BY REGION**

## **NORTHERN CALIFORNIA**

\*\*\* Thunderstorms Eastern Areas Late Wednesday into Early Thursday \*\*\*

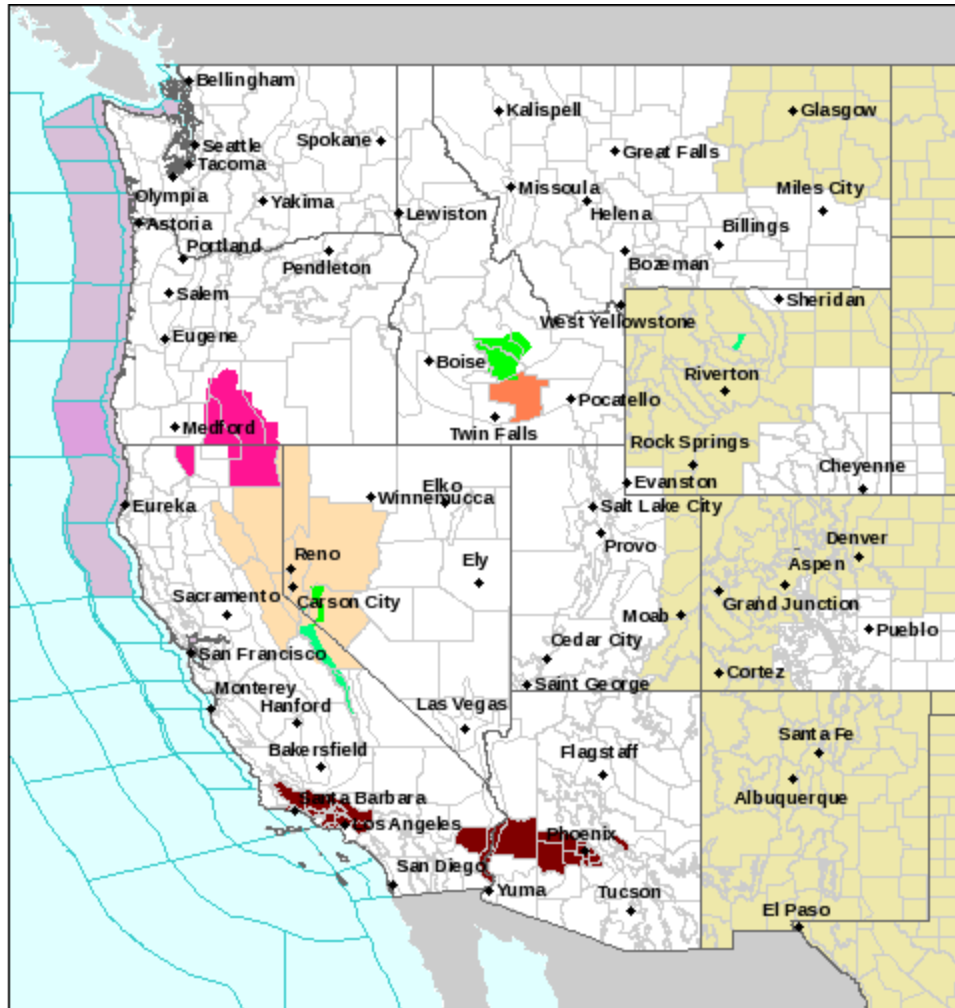

Today a South-Southwest flow pattern will set up and continue into next weekend as high pressure strengthens over the Four-Corners area and a Pacific low pressure trough sits offshore. Gusty afternoon Southwest-Northwest winds will continue in coastal areas and through the delta, and afternoon Southwest winds east of the crest will gust to 20-30 mph. Temperatures will be 3-5 degrees above normal through Thursday then increase a bit into the weekend. Afternoon cumulus buildups can be expected over the peaks each day. A weak disturbance will move northward and cause isolated thunderstorms over the Northern Sierra and Far Eastside late Wednesday into early Thursday.

## **SOUTHERN CALIFORNIA**

\*\*\*Isolated thunderstorms tomorrow through Friday becoming scattered this weekend\*\*\*

Temperatures will continue to gradually warm through Friday as high pressure over the Southwest expands westward into California. Maximum temperatures will be in the 80s to low 90s across the mountains and 90s to 102 in the valleys today. Minimum humidity will be mainly in the single digits and teens away from the coastal areas through Tuesday. Southeast flow around the area of high pressure will bring isolated afternoon showers and thunderstorms to the Sierra and the mountains and deserts of Southern California east of I-15 tomorrow through Friday. Moisture will increase this weekend causing shower and thunderstorm activity to increase over the mountains and deserts. Some shower and thunderstorm activity will also be possible across the coastal and valley areas this weekend as a weak disturbance moves into the region from Arizona. Cloud cover and fairly humid conditions will cause temperatures to cool over the weekend. There will be south to west afternoon and evening winds of 15 to 25 mph with gusts to 40 mph across the wind prone mountain and desert areas through Tuesday.

# Cal OES LAW ENFORCEMENT MISSIONS

## Cal OES Law Missions

- Nothing Significant to Report.

# **Cal OES RECOVERY**

## **2017 Statewide Winter Storms**

### **Presidential Major Disaster Declarations for January/February Winter Storms – FEMA-4301-DR-CA, FEMA-4305-DR-CA, & FEMA-4308-DR-CA**

- Assistance for emergency work and the repair or replacement of disaster-damaged facilities was approved for the following counties in at least one of the major disaster declaration: Alameda, Alpine, Amador, Butte, Calaveras, Contra Costa, El Dorado, Humboldt, Inyo, Kern, Lake, Lassen, Los Angeles, Marin, Mendocino, Merced, Mono, Monterey, Napa, Nevada, Orange, Placer, Plumas, Riverside, Sacramento, San Benito, San Diego, San Luis Obispo, San Mateo, Santa Barbara, Santa Clara, Santa Cruz, Shasta, Sierra, Siskiyou, Solano, Sonoma, Sutter, Tehama, Trinity, Tuolumne, Yolo, and Yuba and the Tule River Tribe in Tulare County.

### **EMAC and Public Assistance - 2017 Winter Storms**

- Cal OES Recovery Division identified the need for Public Assistance subject matter experts to assist with the aftermath of the 2017 Severe Winter Storms. Accordingly, Cal OES requested assistance from other states through the Emergency Management Assistance Compact (EMAC) - the Nation's mutual-aid system. New Jersey and Colorado provided personnel that arrived on Monday, 06/13/17. Both states along with other potential states will be providing support between now and the beginning of September at various Joint Field Offices throughout California. The goal is to assist those impacted counties in identifying disaster related damage and program eligibility.
- See Cal OES Mission Tasking slide for Mission Tasking information

# Cal OES MISSION TASKING

## Cal OES Missions

- **2017-SOC-36209:** Two Public Assistance Coordinators from the state of New Jersey have been assigned to California through the Emergency Management Assistance Compact (EMAC) system
- **2017-Cal OES-35819:** Twelve Caltrans engineers requested to conduct damage and site inspections throughout the state for impacts related to 2017 February Winter Storms. The lead engineer will report to the Joint Field Office to coordinate the response.

# *Cal* OES
